26 2. **Comply with the Board's Probation Program.** Respondent shall fully comply with
27 the conditions of the Probation Program established by the Board and cooperate with
28 representatives of the Board in its monitoring and investigation of the Respondent's compliance

6 person at interviews/meetings as directed by the Board or its designated representatives.

7 4. **Residency, Practice, or Licensure Outside of State.** Periods of residency or

6 If Respondent has not complied with this condition during the probationary term, and
7 Respondent has presented sufficient documentation of her good faith efforts to comply with this
8 condition, and if no other conditions have been violated, the Board, in its discretion, may grant an
9 extension of Respondent's probation period up to one year without further hearing in order to

11 shall apply.

12 **7. Employment Approval and Reporting Requirements.** Respondent shall obtain
13 prior approval from the Board before commencing or continuing any employment, paid or

19 In addition to the above, Respondent shall notify the Board in writing within seventy-two
20 (72) hours after she obtains any nursing or other health care related employment. Respondent
21 shall notify the Board in writing within seventy-two (72) hours after she is terminated or

23 full explanation of the circumstances surrounding the termination or separation.

24 **8. Supervision.** Respondent shall obtain prior approval from the Board regarding
25 Respondent's level of supervision and/or collaboration before commencing or continuing any
26 employment as a registered nurse, or education and training that includes patient care.

27 Respondent shall practice only under the direct supervision of a registered nurse in good
28 standing (no current discipline) with the Board of Registered Nursing, unless alternative methods

1 of supervision and/or collaboration (e.g., with an advanced practice nurse or physician) are
2 approved.

3 Respondent's level of supervision and/or collaboration may include, but is not limited to the
4 following:

5 (a) Maximum - The individual providing supervision and/or collaboration is present in
6 the patient care area or in any other work setting at all times.

17 patients' homes visited by Respondent with or without Respondent present.

18 9. **Employment Limitations.** Respondent shall not work for a nurse's registry, in any
19 private duty position as a registered nurse, a temporary nurse placement agency, a traveling nurse,
20 or for an in-house nursing pool.

21 Respondent shall not work for a licensed home health agency as a visiting nurse unless the
22 registered nursing supervision and other protections for home visits have been approved by the
23 Board. Respondent shall not work in any other registered nursing occupation where home visits
24 are required.

25 Respondent shall not work in any health care setting as a supervisor of registered nurses.
26 The Board may additionally restrict Respondent from supervising licensed vocational nurses
27 and/or unlicensed assistive personnel on a case-by-case basis.
28

Respondent shall not work as a faculty member in an approved school of nursing or as an instructor in a Board approved continuing education program.

Respondent shall work only on a regularly assigned, identified and predetermined worksite(s) and shall not work in a float capacity.

If Respondent is working or intends to work in excess of 40 hours per week, the Board may request documentation to determine whether there should be restrictions on the hours of work.

10. **Complete a Nursing Course(s).** Respondent, at her own expense, shall enroll and successfully complete a course(s) relevant to the practice of registered nursing no later than six months prior to the end of her probationary term.

Respondent shall obtain prior approval from the Board before enrolling in the course(s). Respondent shall submit to the Board the original transcripts or certificates of completion for the above required course(s). The Board shall return the original documents to Respondent after photocopying them for its records.

11. **Cost Recovery.** Respondent shall pay to the Board costs associated with its investigation and enforcement pursuant to Business and Professions Code section 125.3 in the amount of \$6,000.00. Respondent shall be permitted to pay these costs in a payment plan approved by the Board, with payments to be completed no later than three months prior to the end of the probation term.

If Respondent has not complied with this condition during the probationary term, and Respondent has presented sufficient documentation of her good faith efforts to comply with this condition, and if no other conditions have been violated, the Board, in its discretion, may grant an extension of Respondent's probation period up to one year without further hearing in order to comply with this condition. During the one year extension, all original conditions of probation will apply.

12. **Violation of Probation.** If Respondent violates the conditions of her probation, the Board after giving Respondent notice and an opportunity to be heard, may set aside the stay order and impose the stayed discipline (revocation/suspension) of Respondent's license.

1 If during the period of probation, an accusation or petition to revoke probation has been
2 filed against Respondent's license or the Attorney General's Office has been requested to prepare
3 an accusation or petition to revoke probation against Respondent's license, the probationary
4 period shall automatically be extended and shall not expire until the accusation or petition has
5 been acted upon by the Board.

6 13. **License Surrender.** During Respondent's term of probation, if she ceases practicing
7 due to retirement, health reasons or is otherwise unable to satisfy the conditions of probation,
8 Respondent may surrender her license to the Board. The Board reserves the right to evaluate
9 Respondent's request and to exercise its discretion whether to grant the request, or to take any
10 other action deemed appropriate and reasonable under the circumstances, without further hearing.
11 Upon formal acceptance of the tendered license and wall certificate, Respondent will no longer be
12 subject to the conditions of probation.

13 Surrender of Respondent's license shall be considered a disciplinary action and shall
14 become a part of Respondent's license history with the Board. A registered nurse whose license
15 has been surrendered may petition the Board for reinstatement no sooner than the following
16 minimum periods from the effective date of the disciplinary decision:

17 (1) Two years for reinstatement of a license that was surrendered for any reason other
18 than a mental or physical illness; or

19 (2) One year for a license surrendered for a mental or physical illness.

20 14. **Physical Examination.** Within 45 days of the effective date of this Decision,
21 Respondent, at her expense, shall have a licensed physician, nurse practitioner, or physician
22 assistant, who is approved by the Board before the assessment is performed, submit an
23 assessment of the Respondent's physical condition and capability to perform the duties of a
24 registered nurse, including a determination as set forth below in the condition titled "Rule-Out
25 Substance Abuse Assessment." Such an assessment shall be submitted in a format acceptable to
26 the Board. If medically determined, a recommended treatment program will be instituted and
27 followed by the Respondent with the physician, nurse practitioner, or physician assistant
28 providing written reports to the Board on forms provided by the Board.

1 If Respondent is determined to be unable to practice safely as a registered nurse, the
2 licensed physician, nurse practitioner, or physician assistant making this determination shall
3 immediately notify the Board and Respondent by telephone, and the Board shall request that the
4 Attorney General's office prepare an accusation or petition to revoke probation. Respondent shall
5 immediately cease practice and shall not resume practice until notified by the Board. During this
6 period of suspension, Respondent shall not engage in any practice for which a license issued by
7 the Board is required until the Board has notified Respondent that a medical determination
8 permits Respondent to resume practice. This period of suspension will not apply to the reduction
9 of this probationary time period.

10 If Respondent fails to have the above assessment submitted to the Board within the 45-day
11 requirement, Respondent shall immediately cease practice and shall not resume practice until
12 notified by the Board. This period of suspension will not apply to the reduction of this
13 probationary time period. The Board may waive or postpone this suspension only if significant,
14 documented evidence of mitigation is provided. Such evidence must establish good faith efforts
15 by Respondent to obtain the assessment, and a specific date for compliance must be provided.
16 Only one such waiver or extension may be permitted.

17 **15. Mental Health Examination.** Respondent shall, within 45 days of the effective date
18 of this Decision, have a mental health examination including psychological testing as appropriate
19 to determine her capability to perform the duties of a registered nurse, including a determination
20 as set forth below in the condition titled "Rule-Out Substance Abuse Assessment." The
21 examination will be performed by a psychiatrist, psychologist or other licensed mental health
22 practitioner approved by the Board. The examining mental health practitioner will submit a
23 written report of that assessment and recommendations to the Board. All costs are the
24 responsibility of Respondent. Recommendations for treatment, therapy or counseling made as a
25 result of the mental health examination will be instituted and followed by Respondent.

26 ///

27 ///

1 If Respondent is determined to be unable to practice safely as a registered nurse, the
2 licensed mental health care practitioner making this determination shall immediately notify the
3 Board and Respondent by telephone, and the Board shall request that the Attorney General's
4 office prepare an accusation or petition to revoke probation. Respondent shall immediately cease
5 practice and may not resume practice until notified by the Board. During this period of
6 suspension, Respondent shall not engage in any practice for which a license issued by the Board
7 is required, until the Board has notified Respondent that a mental health determination permits
8 Respondent to resume practice. This period of suspension will not apply to the reduction of this
9 probationary time period.

10 If Respondent fails to have the above assessment submitted to the Board within the 45-day
11 requirement, Respondent shall immediately cease practice and shall not resume practice until
12 notified by the Board. This period of suspension will not apply to the reduction of this
13 probationary time period. The Board may waive or postpone this suspension only if significant,
14 documented evidence of mitigation is provided. Such evidence must establish good faith efforts
15 by Respondent to obtain the assessment, and a specific date for compliance must be provided.
16 Only one such waiver or extension may be permitted.

17 **16. Rule-Out Substance Abuse Assessment.** If the examiner conducting the physical
18 and/or mental health examination determines that the respondent is dependent upon drugs or
19 alcohol, or has had problems with drugs or alcohol (i.e. drug dependence in remission or alcohol
20 dependence in remission), that might reasonably affect the safe practice of nursing, then the
21 respondent must further comply with the following additional terms and conditions of probation:

22 **A. Participate in Treatment/Rehabilitation Program for Chemical**
23 **Dependence.** Respondent, at her expense, shall successfully complete during the
24 probationary period or shall have successfully completed prior to commencement
25 of probation a Board-approved treatment/rehabilitation program of at least six
26 months duration. As required, reports shall be submitted by the program on forms
27 provided by the Board. If Respondent has not completed a Board-approved
28 treatment/rehabilitation program prior to commencement of probation,

Respondent, within 45 days from the effective date of the decision, shall be enrolled in a program. If a program is not successfully completed within the first nine months of probation, the Board shall consider Respondent in violation of probation.

Based on Board recommendation, each week Respondent shall be required to attend at least one, but no more than five 12-step recovery meetings or equivalent (e.g., Narcotics Anonymous, Alcoholics Anonymous, etc.) and a nurse support group as approved and directed by the Board. If a nurse support group is not available, an additional 12-step meeting or equivalent shall be added.

Respondent shall submit dated and signed documentation confirming such attendance to the Board during the entire period of probation. Respondent shall continue with the recovery plan recommended by the treatment/rehabilitation program or a licensed mental health examiner and/or other ongoing recovery groups.

B. Abstain from Use of Psychotropic (Mood-Altering) Drugs. Respondent shall completely abstain from the possession, injection or consumption by any route of all controlled substances and all psychotropic (mood altering) drugs, including alcohol, except when the same are ordered by a health care professional legally authorized to do so as part of documented medical treatment. Respondent shall have sent to the Board, in writing and within fourteen (14) days, by the prescribing health professional, a report identifying the medication, dosage, the date the medication was prescribed, the Respondent's prognosis, the date the medication will no longer be required, and the effect on the recovery plan, if appropriate.

Respondent shall identify for the Board a single physician, nurse practitioner or physician assistant who shall be aware of Respondent's history of substance abuse and will coordinate and monitor any prescriptions for Respondent for dangerous drugs, controlled substances or mood-altering drugs. The

1 coordinating physician, nurse practitioner, or physician assistant shall report to the
2 Board on a quarterly basis Respondent's compliance with this condition. If any
3 substances considered addictive have been prescribed, the report shall identify a
4 program for the time limited use of any such substances.

5 The Board may require the single coordinating physician, nurse
6 practitioner, or physician assistant to be a specialist in addictive medicine, or to
7 consult with a specialist in addictive medicine.

8 **C. Submit to Tests and Samples.** Respondent, at her expense, shall
9 participate in a random, biological fluid testing or a drug screening program which
10 the Board approves. The length of time and frequency will be subject to approval
11 by the Board. Respondent is responsible for keeping the Board informed of
12 Respondent's current telephone number at all times. Respondent shall also ensure
13 that messages may be left at the telephone number when she is not available and
14 ensure that reports are submitted directly by the testing agency to the Board, as
15 directed. Any confirmed positive finding shall be reported immediately to the
16 Board by the program and Respondent shall be considered in violation of
17 probation.

18 In addition, Respondent, at any time during the period of probation, shall
19 fully cooperate with the Board or any of its representatives, and shall, when
20 requested, submit to such tests and samples as the Board or its representatives may
21 require for the detection of alcohol, narcotics, hypnotics, dangerous drugs, or other
22 controlled substances.

23 If Respondent has a positive drug screen for any substance not legally
24 authorized and not reported to the coordinating physician, nurse practitioner, or
25 physician assistant, and the Board files a petition to revoke probation or an
26 accusation, the Board may suspend Respondent from practice pending the final
27 decision on the petition to revoke probation or the accusation. This period of
28 suspension will not apply to the reduction of this probationary time period.

1 If Respondent fails to participate in a random, biological fluid testing or
2 drug screening program within the specified time frame, Respondent shall
3 immediately cease practice and shall not resume practice until notified by the
4 Board. After taking into account documented evidence of mitigation, if the Board
5 files a petition to revoke probation or an accusation, the Board may suspend
6 Respondent from practice pending the final decision on the petition to revoke
7 probation or the accusation. This period of suspension will not apply to the
8 reduction of this probationary time period.

9 D. Therapy or Counseling Program. Respondent, at her expense, shall
10 participate in an on-going counseling program until such time as the Board
11 releases her from this requirement and only upon the recommendation of the
12 counselor. Written progress reports from the counselor will be required at various
13 intervals.
